Nurturing Neighborhoods, Building Community

# Community Clean Up

## Our Mission:

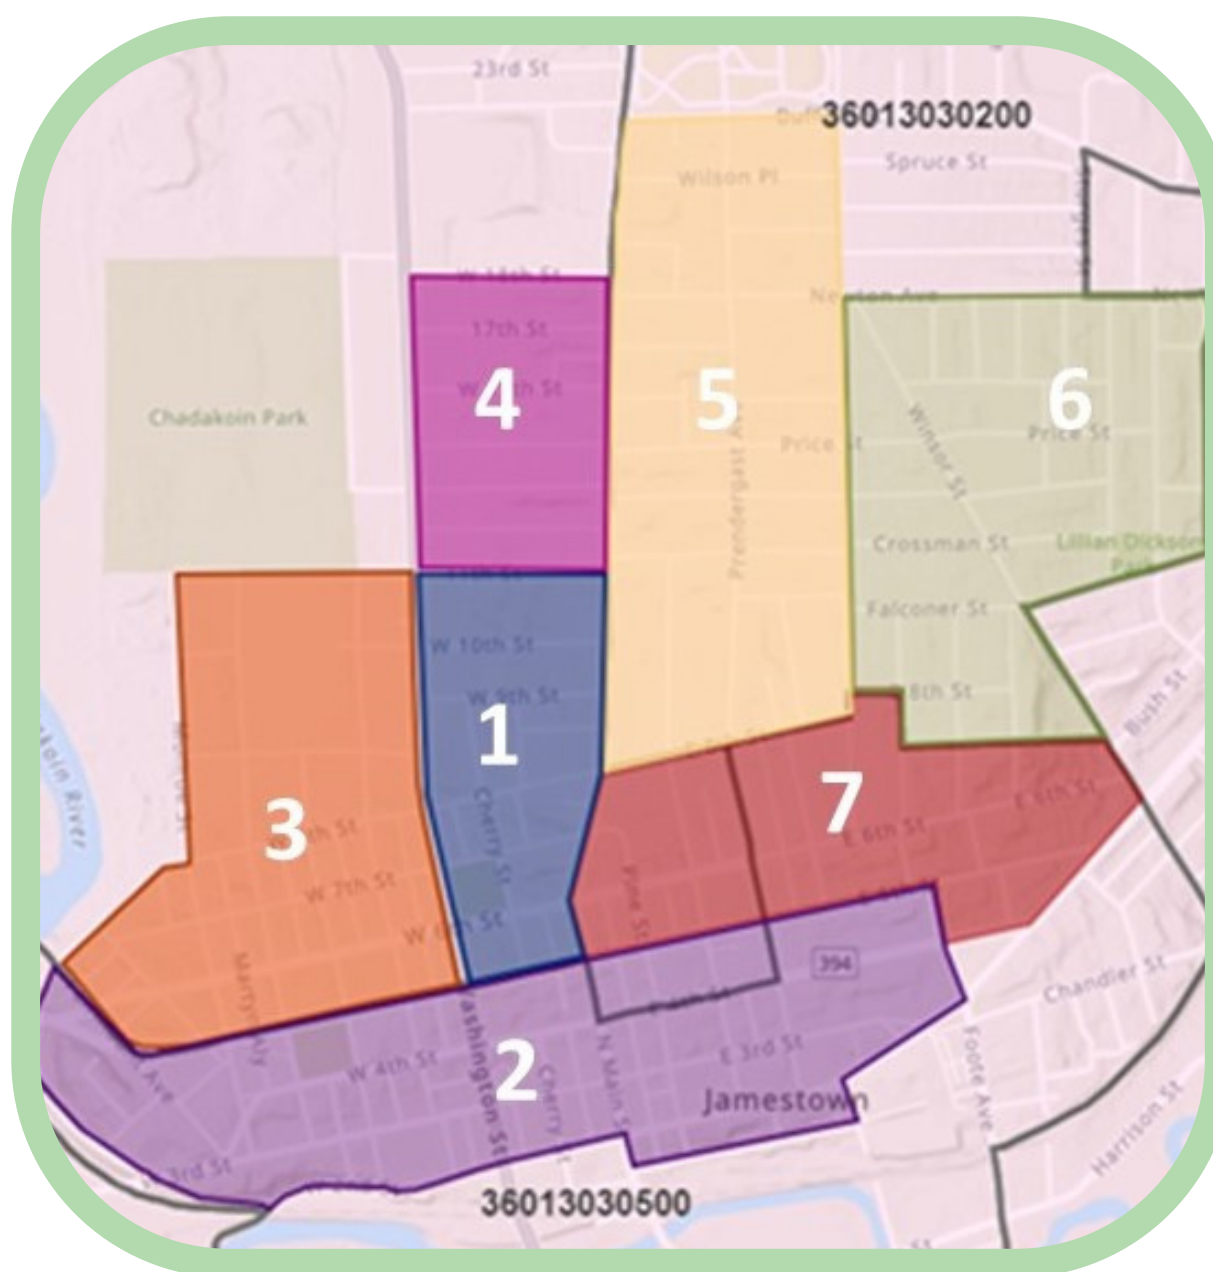

to empower community members in building a sense of pride in place; to leverage resources, and work together towards strengthening neighborhoods while building community, both on the block, and through-out the city

## What we do:

Hands On Neighborhoods organizes small local events to help residents make connections, and share resources. At these events, we provide opportunities to meet local leaders and offer information about city resources and housing.

**7 Neighborhoods – 7 Events**

**April - October**

## How you can help:

We need volunteers! But no pressure, you can stop by events for information as well.

Register to volunteer at:

<https://chqlandbank.org/HandsOn>

## Organized By:
